EDPACON 2023

Respected colleagues and Dear Friends,

Greetings from Organizing Committee, **EDPACON 2023**. We would like to extend a warm welcome to all of you to the 23rd Annual Conference of East Delhi Physicians' Association. It is scheduled to be held On Sunday, 17th December 2023, at Hotel Le Meridian, New Delhi.

The theme of the conference is 'Advances & Innovations in Medicine & Allied Specialties'. The theme has been selected keeping in mind the advances in healthcare which are constantly driven by the technological innovations. There have been dramatic changes in healthcare because of technological developments in various fields of Medicine-from diagnostics to therapeutics and interventions. We have landed on the southern pole of moon- where no man has set foot before. Similarly, there have been advances in the medical field, which might have been deemed impossible about a 100 yrs ago. Artificial intelligence has become an integral part of medicine.

We have conquered many illnesses and progressing towards conquering many more.

This conference will provide a wonderful opportunity to all of us to acquire knowledge about the latest innovations in the field of Internal Medicine. This will enable us incorporate our knowledge into our day-to-day practice, to deliver better patient care.

We are positive that you will be having a great academic feast with the most eminent faculty in our conference. Looking forward for your active participation.

With Warm regards,

Dr Pankaj Nand Choudhry

Organizing Chairman
